Spacy	NLTK
Provides most efficient NLP algorithm for a given task. Hence if you care about the end result, go with Spacy	Provides access to many algorithms. If you care about specific algo and customizations go with NLTK

Spacy	NLTK
Spacy is user friendly	NLTK is also user friendly but probably less user friendly compared to Spacy

Spacy

Provides most efficient NLP algorithm for a given task. Hence if you care about the end result, go with Spacy

NLTK

Provides access to many algorithms. If you care about specific algo and customizations go with NLTK

Spacy

Provides most efficient NLP algorithm for a given task. Hence if you care about the end result, go with Spacy

Perfect for app developers

NLTK

Provides access to many algorithms. If you care about specific algo and customizations go with NLTK

Perfect for researchers

Spacy	NLTK
Spacy is new library and has a very active user community	NLTK is old library. User community not as active as Spacy

Spacy	NLTK
Spacy is Object Oriented	NLTK is mainly a string processing library
Spacy is user friendly	NLTK is also user friendly but probably less user friendly compared to Spacy
Provides most efficient NLP algorithm for a given task. Hence if you care about the end result, go with Spacy	Provides access to many algorithms. If you care about specific algo and customizations go with NLTK
Spacy is new library and has a very active user community	NLTK is old library. User community as active as Spacy
